

**ECC minutes  
June 10, 2020**

Attending: Tom Konrad, Amy Moses, Dave Conner (employee at Sustainable HV), Melissa Everett, James Hoover (resident), Iris Marie Bloom, Eric Stewart, Emma Markle (student member), Eric Stewart, Doug Adams, Alan Newman

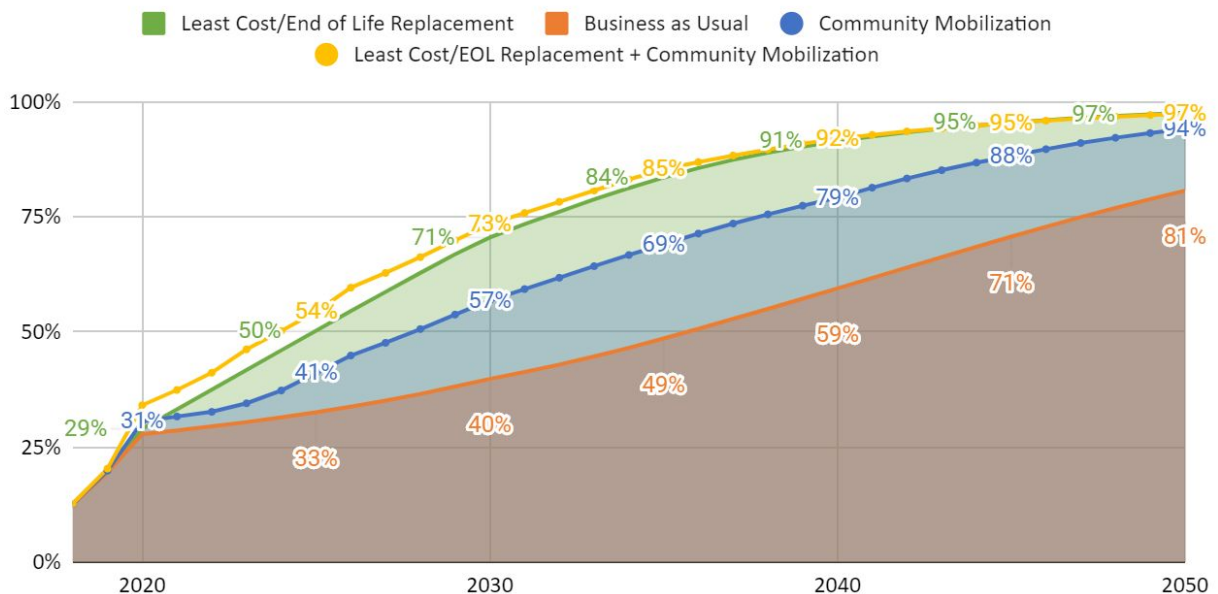

Meeting start: 7:10 pm

Minutes for May not yet available.

100% Renewable Marbletown Report is close to being complete; some work needed on appendix with 2 graphs (Eric agrees to help tackle problem).

Tom presented his most recent modeling of the path to 100% using social diffusion to be included in the report.

### Marbletown Renewable Energy Penetration Scenarios

Melissa has intern time coming up that she offered to support town web sites. Graphic designer who could work on our website to integrate the Croton 100 carbon emission tool. Also, a tool to target customers (through FARADAY) for direct mail. She also mentioned that NYSERTA has 0 interest program fo. 80:20 cost share for direct mail costs.

Recording of 10 Cost Effective Steps Presentation from NP Climate Solutions Meetup by Tom is available here:

Community Solar offers. There are currently two groups we are working with to promote community solar. Working with Joule Community Power, people who sign up for community solar here will get the usual 10% discount on Central Hudson bill payments and \$50 will be donated to the Rondout Valley Food pantry:

<https://www.hudsonvalleycommunitypower.com/solar>

People who sign up for community solar through the Sustainable Hudson Valley Group purchase will get a \$150 gift card and the farm will make a \$150 donation to the Hudson Valley Food Pantry or the United Way. <https://sustainhv.org/green-group-purchase-program/>

The Town Board passed our pollinator friendly resolution. We will organize a presentation to promote. Eric proposed a late summer meeting. (Iris, Eric, Alan to participate).

Stretch code is on hold because public meetings are discouraged. Pushing for a hybrid (Zoom + physical meeting) on code.

Next steps for ECC: How to discourage people installing new or re-installing fossil fuel devices. Fee bait type of thing? Money would be used to fund rebates for lower income folks.

Tom is gathering energy usage data for 2019. He still doesn't have data from Rosendale on Rondout Municipal Center.

Meeting adjourned at 8:02 pm
